PROFESSIONAL EXPERIENCE

Full Stack Developer

Tarken, Belo Horizonte, BR – Remote

09/2024 to Present

Core Responsibilities:

- Developed new user interfaces for clients, creating engaging and intuitive experiences.
- Built and implemented endpoints to enhance application functionality and user interactions.
- Focused on writing clean, scalable code to make maintenance easier down the line.
- Regularly applied testing throughout development, including end-to-end (E2E) tests, to ensure everything worked smoothly and met high-quality standards.

Key Technologies and Tools: Typescript, React, NestJS, AWS Amplify, Circle CI.

Full Stack Developer

Guiavet, Belo Horizonte, BR – Remote

02/2023 to 09/2024

Core Responsibilities:

- Developed a user-friendly React Native app to make it easier for clients to access our services on mobile.
- Created a showcase platform featuring over 10,000 veterinary professionals, allowing users to schedule appointments, leave comments, and chat directly with professionals.
- Worked with VueJS, Python and Django to deliver effective web solutions tailored to our clients' needs.
- Collaborated with different teams to ensure we hit our project goals and delivered high-quality applications on time.

Key Technologies and Tools: Javascript, VueJS, React Native, Python, Django, AWS, CI/CD, Appcenter Codepush, Play store and App store distribution.

Front End Developer

Veri Solutions, São Paulo, BR – In-Person

05/2022 to 02/2023

Core Responsibilities:

- Developed the company's mobile application using React Native, achieving a 50% increase in user engagement within the first 3 months.
- Created a customized and efficient financial management system specifically designed for accounting firms, using React with Next.js to deliver a smooth and intuitive user experience.
- Integrated the financial application with the backend, ensuring seamless functionality and reliable performance.
- Collaborated with different teams to align our projects with business goals and deliver high-quality solutions.

Key Technologies and Tools: Typescript, Javascript, React, NextJS, React Native, Ant Design.

Support / Front End Developer

Sisnov, São Paulo, BR – In-Person

08/2020 to 05/2022

Core Responsibilities:

- Provided tech support to clients facing issues with our system, including data authentication, invoice validation, and correcting calculation errors.
- Accessed and modified the company's database to manage customer information, add users, and adjust access restrictions as needed.
- Developed custom screens based on client requests, fixed bugs, and implemented field overlays to enhance user experience.
- Managed and configured the server to ensure optimal performance and reliability.

Key Technologies and Tools: Javascript, PHP, MariaDB, Server.
